**This website is for:**

**6<sup>th</sup> grade (Course 1), Pre-algebra (Course 3), and Algebra I textbooks.**

- ❖ Go to the website, click on “On-line Book” in the middle of the bottom portion of the screen then, sign in.
- ❖ Your student has been given an ID and password that grants access. This website gives more options than the keyword listed for each lesson that is noted on most of the pages of the textbooks.
- ❖ There are one to three teaching videos and guided practice for EVERY lesson in the book.
- ❖ There are interactive activities to teach/review.
- ❖ There are printable worksheets.
- ❖ Students can use this website to avoid missing assignments if absent, pre-view lessons, or review. The entire book is available on-line, so they can do their homework even if they forget to bring home their book!
- ❖ Occasionally students will take assessments on-line at school. Those results will be available on-line.
