READING CHALLENGE

Great news! We are changing the reading challenge to be 50,000 hours. When we first started we didn't know 5th and 6th grades would join us, and many teachers have higher expectations this year. After adding up all of the nightly minutes and multiplying it by the number of students in each grade and the number of days included in the three months, we found out that our students would read 50,000 hours in the three months. Wow! Impressive.

Here's the individual goal for each grade level. Students should read this many minutes in the 13 weeks.

- Kinder 975 minutes (students can count sounds practice, or sight word practice until books come home)
- First 1,560 minutes
- Second 1,820 minutes
- Third 1,950 minutes
- Fourth 1,950 minutes
- Fifth 1,950 minutes
- Sixth 1,950 minutes

Students who meet the goal will get to join us in a fun activity in February. Classes where everyone meets the goal will have a free dress day in February, be sure to support your class.

Happy Reading!
