FALL 2010 -11 JR. HIGH COURSE REQUESTS DUE!!!

Parents and Students,

About a month ago, Jr. High Course Request forms were sent home. Unfortunately, we have only received about half of those forms back. Course requests determine your student's schedule for next year. They help us schedule the appropriate "required classes" for your child along with "elective classes" they may want to take. These classes are on a "first come first serve" basis.

We ask that you take a moment to insure this form has been completed and returned. If you have not, or if you are unsure of how to complete the appropriate grade course request, please come by the office by Friday April 23rd. The 7th-9th grades course request is available on the website at <http://www.northdavisprep.org/Registration.html>. Thank you for taking a moment to support us in this effort.

END OF LEVEL TESTING STARTING

Parents please be aware that end of level testing will be begin April 26th. These test will stretch over a three week time period. We hope that you will help us out by avoiding unnecessary travel and appointments on testing days. As always students should arrive on time and well rested having had a healthy breakfast and a positive attitude.

AFTER SCHOOL CLUBS:

ECO GEEKS ... TOGETHER WE CAN MAKE THE WORLD A BETTER PLACE!

The Eco-Geeks have kicked into gear and have decided on their mission. They have pledged to rid our school of disposable plastic water bottles. Why you ask? There are a number of reasons. Some of them are: water bottles contribution to landfills, the volume of bottles used by individual households, harmful toxins in the plastics used, you name it! So, our campaign this year will be to collect as many disposable plastic water bottles as we can, and have people purchase an NDPA water bottle that is BPA free and reusable. Be watching Friday notes and morning announcements for more details! Have a great weekend and remember, Reduce, Reuse and Recycle! Any questions or comment contact Mrs. Adams at radams@northdavisprep.org.
